

Sanctuary Project Complete!

Our Sanctuary Project is complete! We have been enjoying our new space for several months, but there were details to be completed. A big thank you to my committee for their hard work. A great deal of work went on behind the scenes, and each person stepped up to do their part.

Thanks to Kris Chapman, Emily Mason, Cathy Bowen, Rick Williams, Paul Newhouse, Ray Goodrow, and Bob Golden.

Thanks also to Scott and Laurie Campbell for their help and suggestions. Our support staff, Susan O'Brien, Frank Lopez Sr., Frank Lopez Jr., for their support with our Contractors and the day-to-day details of construction logistics.

None of this would have been possible without the endowment from Barb and Ash Silverburg and the generous contributions from our congregation. Please see the plaques in the welcome area for details. A special shout-out to our cabinet makers, Rick Williams, Bob Golden, and Ed Bonneau.

Our own Pastor Mike and Pastor Kelli were encouragers! Finally, the congregation for their patience with this process. You were good sports, helping and enduring the upheaval for all those months.

My heart is full of gratitude! I thank God for all of you. Jeanne Manning
